ANNEX A TERMS OF REFERENCE

National Project Officer – Pacific Ocean Litter Project (Niue)

Background and Rationale

SPREP has received funding from the Australian Government to implement the Pacific Ocean Litter Project (POLP). This is a regional project designed to reduce single-use plastic marine litter in the coastal environments of eligible Pacific Island Countries (PICs). It has been developed in recognition of the threat marine litter poses to the environment, public health, and economic development of the Pacific region.

POLP will support the phase out of single-use plastics from land-based sources, including (but not limited to) household litter and tourism waste (e.g. PET bottles, plastic bags, polystyrene take-way containers, straws). It will also support behavioral change in the users, consumers and producers of plastics and the introduction of alternative products. The project will be implemented through a combination of region-wide and country-specific activities.

Services Required

SPREP is seeking the services of a suitably qualified National Project Officer (NPO) based in the Department of Environment (DOE) to oversee the implementation of the POLP in Niue.¹

Scope of Consultancy

The NPO will provide technical support and on ground project oversight, including engaging with the local stakeholders in the identified project sites, relevant national and sub-national government agencies and consultants or contractors delivering specific activities.

Specific responsibilities for the NPO will include the following:

Activity Plans and National Implementation Plan

- Developing *Activity Plans* for the priority activities identified by the pilot countries for implementation following the Activity Plan template to be provided.
- Preparing the *National Implementation Plan* for Niue.
- Updating and amending the *National Implementation* and *Activity Budget* as approved by DOE in consultation with the POLP PMU.

Project Management

- Managing the timely implementation of the *National Implementation Plan* as revised or updated from time to time.

Networking and Cooperation

¹ Applies to selected POLP pilot countries.

- Promoting cooperation, regular contact and dialogue with partners, organisations and consultants implementing the *Activity Plans* including with local communities to improve and maintain good working relationships.

Coordination of Tasks

- Co-ordinating and prioritising relevant project activities at local level in cooperation with the partners, both as regards the organisational preparation and implementation of the activities.

On-the ground activity

- Assisting/facilitating the decision-making process regarding design and procurement of facilities and equipment;
- Providing support to procurement activities such as liaising suppliers, overseeing construction activities, data gathering, etc.

Capacity Building

- Assisting in planning and provide local support for coordination and attendance of meetings and training on POLP related topics;
- Coordinating and facilitate training sessions (with PMU resources and support) with relevant stakeholders;
- Providing assistance to counterparts at DOE to enhance evidence-based decision-making.

Data Collection, Monitoring and Evaluation

- Assisting DOE and POLP Project Management Unit and relevant stakeholder(s) with the collection of relevant data and information throughout the design, implementation of activities;
- Assisting with data gathering and compilation and completion of Monitoring and Evaluation and reports.
- Assisting with monitoring and evaluation and reporting as required under the project.’
- Assist with other data gathering activities including gender, equality, social inclusion data.

Communications and Education

- Assisting with delivery of communications activities as required for the successful implementation of project activities.
- Liaising with PMU and draft media releases and arrange television / radio interviews with relevant stakeholders as required.
- Assisting with dissemination of publications produced by the PMU.
- Supplying the PMU with photos of project activities to be included in project reports and publications.
- Drafting media releases and arrange television / radio interviews with relevant stakeholders as required.

General / Administrative

- Conducting administrative activities of the project including recording meeting minutes, correspondence, filing and photographs;
- Regular submission of reports to POLP PMU;
- Outer island travel if/as necessary paid by POLP PMU budget.

Remuneration

- This is a delivery-based consultancy position, and the professional time allocation and annual payment of work is set and is not subject to negotiation.
- The remuneration for the Project Officer will be USD\$2,083 per month multiplied by the number of months worked currently set at 33 months.
- Any operational budget for agreed disbursements, including travel and per diem will be approved by the POLP PMU in consultation with DOE and will be paid for through the individual project's travel budget.
- Disbursements will be made monthly on receipt of activity report and approval by the POLP PMU.

Work arrangements

The Project Officer will:

- Be based at DOE on a schedule to be discussed and agreed between the successful consultant, DOE and the PMU.
- Engage in regular meetings with POLP as advised by the PMU.
- Submit monthly reports to the PMU officers reporting against agreed workplans. Reporting will utilise the POLP Project Management templates, and written summary reports.
- Once monthly reports have been vetted by SPREP and the country focal point, payment will then be processed against submitted invoices.
- The consultant will be expected to provide and cover the costs of their own mobile phone, laptop/computer equipment and associated software and stationery as part of the contract agreement.

Duration of the Consultancy

The service consultancy will run from June 2024 to March 2027 commencing as soon as practicable.
