Dear Asterio Takesy,

RE: PACIFIC ADAPTATION TO CLIMATE CHANGE FULL SIZED PROJECT

On behalf of the Government of Tuvalu, and, in my capacity as GEF Operational Focal Point, the Government of Tuvalu wishes to pledge USD 1.5 million as co-financing support for the PACC project. The development activities in the water resources management sector which, the government will use as parallel co-financing to build resilience to climate change under the PACC are:

- Government of Tuvalu water tank support
- AusAID adaptation funding
- Office Space

We look forward to the GEF's approval of this most important project to support our climate change adaptation effort at the national and community level.

Sincerely,

Mataio Tekinene

Director of Environment/GEF Operational Focal Point
Department of Environment - Tuvalu
