Attention: Mr. Taito Nakalevu

Dear Asterio,

Re: PACIFIC ADAPTATION TO CLIMATE CHANGE FULL SIZED PROJECT

On behalf of the Government of Nauru and, in my capacity as GEF Operational Focal Point, the Government of Nauru wishes to pledge USD 1.9 million as co-financing support for the PACC project. The development activities in the water and food security sectors the government will use as parallel co-financing to build resilience to climate change under the PACC are:

- JICA funded water tanks for communities
- MoU with Australia on water catchment and storage and repairs
- Australia-Nauru COMPACT for groundwater prospecting and monitoring
- FAO regional food security and water storage programme
- Government expenditure as per budget for 2006.
- Office Space

We look forward to the GEF's approval of this most important project to support our climate change adaptation effort at the national and community level.

Sincerely,

Russ J Kun
GEF Operational Focal Point
Ministry for Commerce Industry and Resources, NAURU
