SUBJECT: Inform Packages for Inform Project Focal Points

Greetings from SPREP,

On behalf of the GEF- UNEP funded Inform Project, which is executed by the Secretariat in partnership with its member countries, I would like to convey my sincere appreciation on the progress of the Inform project implementation despite the numerous challenges we go through.

The year 2020 has been a very challenging year with the COVID 19 pandemic and it has brought about new approaches on the project delivery. Amidst all of this, our resilience as a Pacific community is strengthened. We have managed to adapt and continue to deliver on our project activities and lending support as well as learning from one another.

This package is a kind reminder to our national focal points that the Inform Project is very much still in operation and that we look forward to our continued collaboration this year by working together in addressing challenges that we may face in the future. We also hope that this package will be used to raise more awareness of the Inform Project within our Member Countries and to be used by the Inform project focal points and desk officers. The package contains the below items;

- 6 Inform bottles
- 5 Inform pens
- 7 Inform masks
- 25 Inform metal straws
- 2 Inform zero bags
- 5 Inform USB's
- Inform brochures

I look forward to your continuous support and collaboration this year by working together with the Inform project team, to address data and information management challenges in our region. The Secretariat hopes that the package will be used to raise more awareness on the purpose of the Inform project within our member countries, and to be distributed to active Inform project national counterparts.

Should you require further information on the packages, please contact the Inform Project Manager, Mr. Paul Anderson: paula@sprep.org and copy the Inform Project Finance and Administration Officer, Ms. Sabrina Reupena: sabrinar@sprep.org

I thank you for your continuous support and cooperation.

Yours sincerely,
