SUBJECT: **Call for nominations: Pacific Climate Change Centre face-to-face training on “Strengthening climate resilience and safe water access in rural areas in the Pacific (Polynesia)” 11-14 October 2022**

Dear Focal Points,

I am pleased to inform you that nominations are being accepted for the Pacific Climate Change Centre (PCCC) first face-to-face training on **“Strengthening climate resilience and safe water access in rural areas in the Pacific (Polynesia)”**. This training is a follow-up activity of the previous virtual training in May 2022 under the PCCC Project for Capacity Building on Climate Resilience in the Pacific (CBCRP-PCCC). The training will be held **on 11-14 October 2022 in Fiji**.

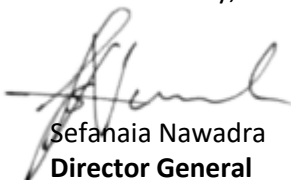

This face-to-face training aims to:

- Enhance understanding of climate modeling websites to strengthen the climate rationale of a project proposal
- Enhance understanding of adaptation and mitigation options including innovative technical approaches and community-based management.
- Provide examples of cases in the Pacific
- Develop skills for project development and management

In light of the above, I have the pleasure of inviting you to nominate participants from the participants who completed the previous virtual training program on climate resilient and safe water access in May 2022 (with the exception of Cook Islands). It is also recommended that focal points nominate participants from both the relevant unit of rural water and climate change division/department. We also request a gender-balance nomination, where possible. The travel cost of maximum 4 participants per country will be supported by the PCCC

All nominations are to be submitted using the Nomination Form annexed hereto and must be endorsed/approved by the Climate Change Focal Point. Kindly send all nomination forms to Ms. Naoafioga Feuu at naoafiogaf@sprep.org and pccc@sprep.org, at your earliest convenience, and no later than **Tuesday 16 August 2022**.

Yours sincerely,

Sefanaia Nawadra
Director General
