DATE: 19 December 2024 **Partners**
CIRCULAR: 24/93
SUBJECT: **Report of the 4th Clean Pacific Roundtable Report (CPRT)**

Dear Members,

The Secretariat is pleased to share the Report of the 4th Clean Pacific Roundtable held in Tuvalu from the 5th to the 9th of August 2024. The report includes the Outcome Statement endorsed during the 4th CPRT that guides the way forward for the Pacific region to have a clean environment, resilient oceans, and healthy communities. The rich deliberations among the Government Agencies, NGOs, Community Based Organizations, Donor Agencies, Private Sector, Academia and Tertiary Institutions, and Individual Experts at the 4th CPRT provided invaluable input to inform and guide the development of the new Pacific Regional Waste and Pollution Management Strategy, the Cleaner Pacific 2035.

I take this opportunity to convey my appreciation to all the member countries, partners, and participants for the valuable contributions during the 4th CPRT that assisted in the development of this report.

Please do not hesitate to contact Ms. Susana Telakau by email at susanat@sprep.org and Mr. Anthony Talouli at anthonyt@sprep.org if you have queries regarding the Report.

Yours sincerely,

Easter Chu Shing
Acting Director General
